

Mallia™ Senses
a breath of fresh air

Mallia™ Senses

a breath of lightness

Absolutely pure, without artifice, the Mallia™ Senses range displays its modernity. Viewed from the front or in profile, its minimalism and lightness capture the eye.

Matt White

Curved profile
Unique slimness

Sensual design

The Mallia™ Senses switch is covered with an integrated rocker. A slight caress on the curve controls the lighting.

reddot winner 2021

Eye-catching or invisible

The minimalist design of the new Mallia™ Senses range pleases from the first glance. The profile of the switch sketches a light curve, soft to the touch and easy on the eye. The range is distinguished by its flat design and unique slimness.

The connected Zigbee/Wi-Fi gateway connects you to the Internet via Wi-Fi

Connected wireless Home/Away master switch

Home + Control

Mallia™ Senses WITH Netatmo

a breath of freedom

Your home, simply connected

Connect your home in no time with Mallia™ Senses with Netatmo

Mallia™ Senses with Netatmo is the connected range of Mallia™ Senses. Connecting your home has never been so intuitive with the starter pack. The starter pack includes a connected Zigbee/Wi-Fi Gateway and a connected wireless Home/Away master switch.

Connect the starter pack's Gateway to your home's Wifi network to control your lights, curtains and roller blinds with a single gesture via your mobile or tablet with the Home + Control App.

Easily integrate all the connected products in your installation:

- Connected wired products.
- Connected wireless products are paired by tapping them on the wired products or by using the Home + Control App.

zigbee

All these products communicate with one another via a Zigbee radio signal emitted by the Gateway.

PROGRAM BY LEGRAND

Mallia™ Senses with Netatmo is part of Legrand's ELIOT program. This program is dedicated to developing sustainable connected solutions that are easy to use and maintain, accessible for everybody and customisable to the users' needs, desires and habits. To enhance the value of any home and make everyday life just that little bit more comfortable and secure.

Mallia™ Senses WITH Netatmo

**Your home obeys
your touch**

Upgrade your comfort

With Mallia™ Senses with Netatmo, all your home comforts will obey your touch and voice, whether individually or together.

2-gang connected light switch

1-gang connected curtain / roller blind switch

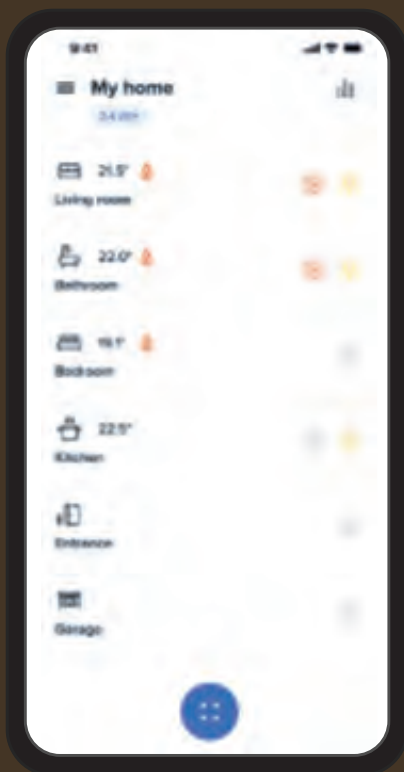

2-gang connected British standard switched 13A socket

Simply control lights, roller blinds and any device plugged into a connected electrical socket via your smartphone. Ideal for switching on your home's exterior lighting from your car.

a breath of freedom

With a touch or a word, simply switch the lights on or off, open or close the roller blinds, activate or deactivate your household appliances. Once you've tasted this ease, you'll love it.

Home + Control App
Control your lighting, roller blinds and appliances remotely from a smartphone or by voice.

Home + Control

Mallia™ Senses WITH Netatmo

**Tell your home
what you want**

Talk to your voice assistant

Control your home with your voice using your favorite assistant, Amazon Alexa, Google Assistant or Apple Siri.

For a gentle wake-up or a muted atmosphere, command your voice assistant to adjust the lighting intensity to 50%.

Ready to go? Simply say three words, "Activate away scene", to turn off all the lights and close all the roller blinds at once.

Your connected installation can also be controlled via a smart display such as Nest Hub or Amazon Echo Show.

a breath of freedom

Or use your touch controls

Of course, you can always use your switches to control lights and other devices.

3-gang connected
light switch

Mallia™ Senses WITH Netatmo

Your home
knows your habits

Control it with one touch...

With Mallia™ Senses with Netatmo, it's quicker and simpler to leave your home and come back. The **"Away"** command switches off all the lights and closes all the roller blinds or the curtains at once. When you return, activate the **"Home"** command with one touch to switch on your connected lights in the entrance hall and living room.

Put your home to sleep and wake it up with the same simplicity. From your bed, activate the **"Sleep"** scenario to switch off the lights and close the roller blinds. When you wake up, activate the **"Wake up"** scenario to open the roller blinds and turn on your coffee machine.

Or simply customize your own scenarios with the wireless **"4 scenes"** switch. Each personalized scenario lets you control several devices at once at a certain time of the day.

Sleep switch

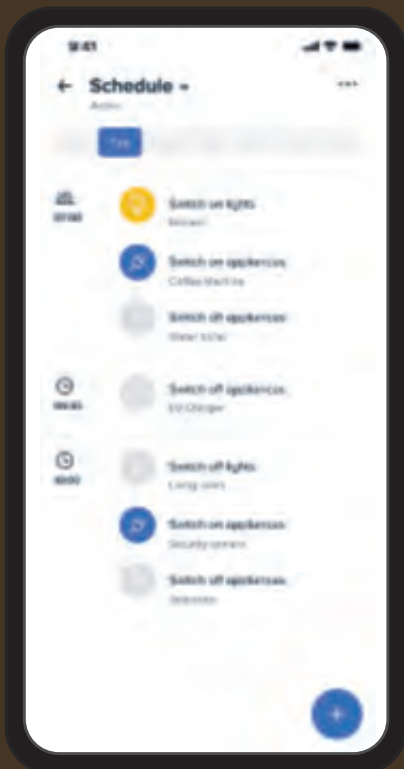

Connected wireless 4 scenes
switch

a breath of freedom

... and schedule automatic actions

Schedule repeating actions to run automatically every day or every week, with the Home + Control App.

For example, program the opening of the roller blinds at a fixed time every weekday. Leave weekends in manual mode. Or automate your outdoor lighting to greet you when you return home from work. Once and for all.

Weekly schedule

Mallia™ Senses

WITH
Netatmo

Connected British standard socket outlet
Remotely control your home appliances
and be notified on your smartphone of any
abnormal activity.

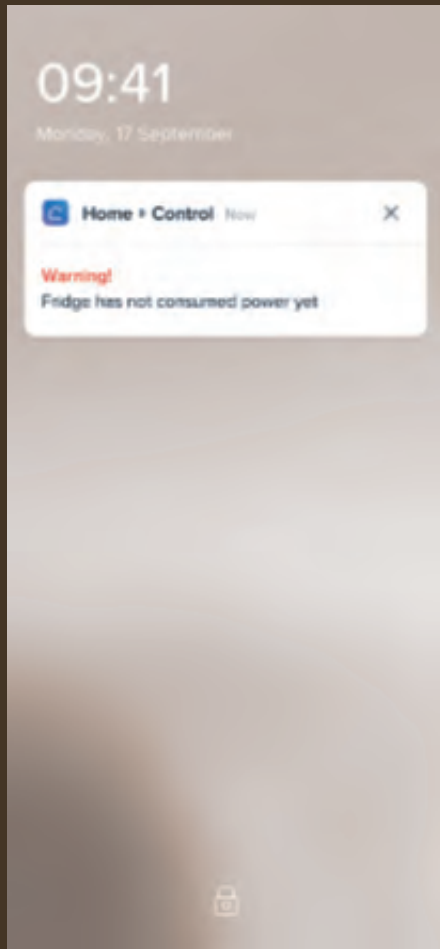

a breath of freedom

Keep in touch

Receive notifications from your connected home

You are automatically alerted in the event of an anomaly – a power cut at a socket outlet or lights that have remained on – on your smartphone, wherever you are.

Home + Control

Manage your energy consumption and save money

Track the power consumption of each connected outlet and optimize your energy expenses.

a breath of freedom

Mallia™ Senses WITH Netatmo

**Control your home,
wherever you are**

Manage your home with your smartphone

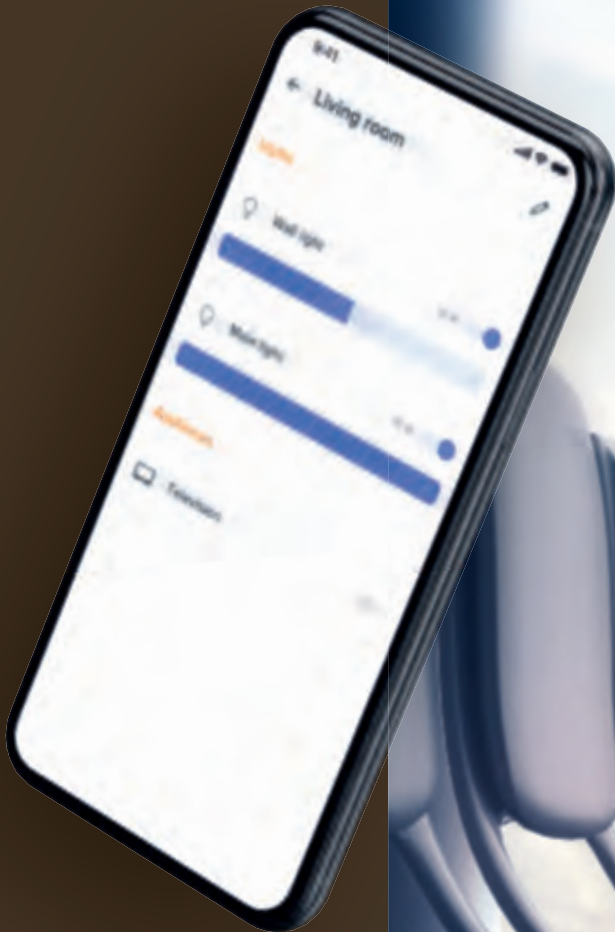

Legrand's Home + Control App is free and available on the App Store and Google Play, for mobile and tablet.

Stay in control when you're away

In your absence, give access to your connected home to your family or friends via the Home + Control app.

The app also allows you to simulate your presence when you're away by controlling your connected devices individually or all at once. You can even customize Legrand scenarios and create your own weekly schedules.

Manage your energy consumption via your fingertips and save energy and money, every day. If ever there's a problem, such as a power failure or surge, you are immediately informed on your smartphone.

home

WIRED PRODUCTS

Wired products are installed in the same way as traditional wiring devices and then paired with the wireless switches via ZigBee 2.4 Ghz waveband. Thanks to the dynamic mesh network, all functions can easily be reconfigured at any time. It is also easy to add extra functions.

TO START

STARTER PACK

To start the connected installation with Mallia™ Senses with Netatmo, the connected Gateway pack is essential. It's used to create the radio network and the Wi-Fi connection of the connected installation and consists of a Zigbee/Wi-Fi gateway and a Home/Away wireless master switch. = **THE CONNECTED ZIGBEE/WI-FI GATEWAY**

WIRELESS PRODUCTS (BATTERY POWERED)

Wireless light switches and curtains /roller blind switches are used to extend the installation and enable individual, group-based or centralized remote control of lighting and curtains or roller blinds.

They are adaptable to take into account evolutions of the installation over time (can be positioned anywhere).

Wireless scene controls are used to activate pre-programmed, more complex scenes that enhance comfort when you wake up in the morning or go to bed at night, leave house or come home.

Mallia™ Senses WITH Netatmo

**Adapt
your installation to meet
your changing needs**

Free to change your mind

You can add or move the wireless lighting control without rewiring or damaging the walls. Extra-flat and flush, it can be put whenever you need it. It's repositionable at any time, to adapt to your child's growth or a new layout of your furniture...

a breath of freedom

Easily integrate all your devices in your installation

Wireless switches such as lighting controls, roller blind controls or scene controls can be paired by tapping them on the wired products, or by using the Home + Control App.

Open and interoperable

Your Mallia™ Senses with Netatmo installation is interoperable with the market's IoT protocols. This openness enables you to add third-party products, such as a thermostat or an alarm, to meet your changing needs.

Mallia™ Senses with Netatmo works with the largest brands and platforms – like Apple HomeKit, Google Home, Amazon Echo, Somfy, Bubendorff and Netatmo.
